

Livestock – Conventional Production Systems

Key Terms and Concepts:

Upon completion of this course, the student should be familiar with the following terms, concepts, and programs.

Animal production systems

Intensive livestock management systems

Extensive livestock management systems

Integrated livestock systems

Concentrated Animal Feeding Operations (CAFO)

Factory Farming

Beef production

Beef production

Cow-calf operation

Seedstock breeders

Stock-yearling operation

Feedlot operation

Nonfed cattle

Farmer feeders

Commercial feeders

Swine production

Feeder pig production

Feeder pig finishing

Farrow to finish operations

Seedstock operations

Others

Dairy production

Poultry production

Aquaculture

Alternative livestock production systems

Vastgotmodellen
Hoop buildings
Free Range Grazing
Organic livestock production systems
